

Boys & Girls Club of Stamford Reopening COVID-19 Safety Protocols

Temperature Screening – Everyone **must** have their temperature taken prior to entering the building. The front desk attendant will be checking temperatures upon entry at Mary C. Rich Clubhouse as well as the Yerwood Center Clubhouse. When not taken by front desk attendant, you must check your temperature using “[self-scan](#)” devices to be installed in the lobby. No-one is allowed in without a temperature reading.

- a. Personal Health Monitoring – It is critical that personnel monitor their health, and report any symptoms to their Manager prior to traveling to work. Please remain at home if you are feeling sick.

Masks – Masks or facial coverings **must be** worn over the nose and mouth. Please review the additional flier posted for proper usage of face coverings.

Social Distancing – Keep 6 ft. distance between yourself and others. **Do not** congregate in common areas.

- b. Maintain a bubble – do not enter rooms or areas where you are not assigned. If you need to talk to someone, use text, Teams, phone, and maintain a 6 foot distance with face covering.

Hygiene – Maintain rigorous personal hygiene, and clean your work area frequently using disinfecting products provided.

Hallway Directions – It is strongly recommended, whenever possible, to follow the floor markings and directional signage in hallways and only use pathways designated to staff whenever possible.

Cleaning – We have taken measures of increased cleaning in all shared spaces throughout the building.

Essential Personnel – Anyone who does not need to be in the building must not be in the building. Please be vigilant about this. All non-employees or members must be authorized enter beyond the front desk.
